A Complete Packet of ALL Enrollment Forms and Documentation MUST be Submitted in order to enroll
Welcome to Aeries Online Enrollment
Capistrano Unified School District

CUSD Online Enrollment allows you to quickly start the process of enrolling a student for school. This process is available for students who have never enrolled and/or attended any school (excluding charter schools) in the Capistrano Unified School District (CUSD) or who previously attended in a prior school year.

Information about the student such as emergency contacts, medical and language information will be collected. Upon completion, the student's information is electronically sent to the school.

To get started enrolling a new student click the "Enroll A New Student" button. Please note: Entries should be made using proper upper and lower case. Do not use all capital letters.

Can I enroll for next-year? Data entry for 2020-21 is available beginning February 3, 2020 for the subsequent school year. Be sure to distinguish whether you are enrolling for the current school year in progress, or for the next school year.

For information on enrolling a student who is currently attending and will be transferring schools within CUSD, contact the office at the appropriate school assigned to your residence to have your records transferred. It is not necessary to complete the Aeries Online Enrollment for students currently in grades TK-12. If you do not know which school your child will attend, you can use the CUSD My School Locator.

If you would like to reprint or review students previously enrolled through the online system click the Login button.

For users who have an account and forgot their password, select the HELP link at the bottom of this page to reset your password. You may also select the login button, enter your email address and enter your password. If an incorrect password is entered you will be prompted to reset it.

NEW STUDENT ENROLLMENT CHECKLIST

ONLINE VERIFICATION DOCUMENT

VERIFICATION OF PARENT OR GUARDIAN’S IDENTITY

Effective immediately, the following documents are acceptable documents for verification of the pupil’s age:

- an official or certified copy of the birth record;
- a statement by the local registrar or county recorder certifying the date of birth;
- a baptismal certificate or official hospital record of birth;
- a passport;
- or
- when none of the above is obtainable, an affidavit for proof of age of minor signed by the student’s parent/legal guardian may be accepted. Please note, this is not a district created form, this is an affidavit that would be provided to the district.

The district will not require documentation that may indicate a student's or parent’s national origin or immigration status, such as a passport, to the exclusion of other permissible documentation.

Copies of the above-listed documentation will be accepted and reviewed for verification purposes only; copies shall not be maintained by the school site after the student’s age has been verified.

I see children as kites.
You spend a lifetime trying to get them off the ground.
You run with them until you are both breathless.
They crash.
They hit the roof-top.
You patch and comfort, adjust and teach.
You watch them lifted by the wind and assure them that someday, they’ll fly. Finally, they are airborne; they need more string, and you keep letting it out.
But with each twist of the ball of twine, there is a sadness that goes with the joy. The kite becomes more distant, and you know it won’t be long before that beautiful creature will snap the lifeline that binds you together and will soar as it is meant to soar; free and alone.

Only then do you know that you did your job.
